

ECOSYS Wellness Center Warranty

EFT, related techniques and technologies.

Having witnessed consistently powerful and life restoring results using these resources during my many years of practice, I initiated the following program. This was created particularly so that who feel helpless, that they've tried everything already, can more easily have the courage to try one more time.

Six prepaid session Warranty: I warrant measurable progress over and above that experienced through any other means within that time. Should this ever not occur, the entire fee will be refunded.

This is not to imply six sessions will necessarily allow for the full resolution of all underlying issues, negative beliefs, fears or trauma etc. Rather that there will be substantial and measurable progress beyond anything achieved in the past.

I understand that missed appointments will be charged for unless cancelled at least 24 hours prior to session
